About

Perfect Pitch is the **biggest student pitch competition at UC Los Angeles**, where over 300 students will submit video business pitches in one of three categories. The top eight finalists within each category are then invited to pitch at the Perfect Pitch Finale for cash prizes. The objective is to turn UCLA into an "ideas" campus, facilitate innovative thought, and provide opportunity for entrepreneurial problem solving that is accessible to all undergraduate students.

Perfect Pitch is hosted by **Bruin Entrepreneurs**, the undergraduate entrepreneurship organization at UCLA. Our other events have included [HackTECH](#), a hackathon held in Santa Monica for over 1,000 students and that has received coverage by the [Los Angeles Times](#), and [LA Hacks](#), the first and biggest hackathon at UCLA with over 1,300 participants which also received covered by the [Los Angeles Times](#).

Sponsoring Perfect Pitch is an opportunity to gain your brand exposure to the over 40,000 students at UCLA through our online and on-campus marketing initiatives, as well as the appearance of your logo on our website and over 500 shirts. Additionally, your company will be sponsoring a student-led, grassroots initiative to drive innovation and build a stronger entrepreneurial community at UCLA.
